Allan, Amy & Tonya When I entered Allan's Living room, I saw Allan had a visitor. Her back was facing me so I could not guess who she was. Allan introduced me to Tonya, one of his friends which I suppose he had screwed many times before. She was the petite type but very gorgeous. She wore a short tight blue dress with straps showing her black bra straps. Her shoulder looked decoratively beautiful with the mixture of blue and black straps mingling into each other displaying a sensuous figure. Her tits were amazingly round like a complete circle bulging out offensively. The low cut dress allowed a visible cleavage of tits pressed together in a blue background. She was very slim and her belly muscles were drawn out on the dress. In her sitting posture the dress was raised quite high above her crossed legs and the red panty rims were just stunning. Her legs were firm and curvy and ended in blue high heel sandals. The heels were awfully longer than one could acceptably wear and walk. We greeted each other and I sat next to Allan to enjoy the scene displayed by Tonya like a voyeur on for cheap thrills. I had done girls before clad in their school uniforms and I thought I would not let go of Tonya before I licked her pussy. We talked about nothings and Allan served beer as it was quite warm. Beer has a terrible effect on me but if I have to drink it for the sake of a good fuck I'll do it. We sipped our beer and Allan asked Tonya if she was free for the day. Tonya was free and that was great. I knew already it would happen and the thought of seeing Allan screw two hot bitches set trickles of pussy juice flowing down there. Allan asked Tonya what she thought about a threesome since all of us were just free. She found the idea was great and immediately she relaxed uncrossing her legs to show a see through panty displaying her pubis hair trimmed like a pro. I was aroused at the sight and I rubbed my pussy in excitement. Allan saw me and giggled. He was happy his 11 inch dick would do two pussys today. I changed seat and sat close by Tonya. Her body perfume was stimulating my sexual appetite. I placed my hands on her shoulders and caressed them playing with the dress and bra straps bringing them up and down slowly. Tonya was on now and she closed her eyes in excitement. I believe her fuck hole should be wet now but I would wait for her to get soggy before I dip my lips into her tender flesh. One hand remained on her shoulder while the other grabbed one of Tonya's tits. It was fleshy, firm and raised, the tip finding a way out of the dress. I lifted the straps and freed one her boobs which popped up right in my face. I kissed it warmly my teeth digging

the fleshy booty trying to engulf it all. Tonya groaned as pleasure signals traveled around her gorgeous body sending impulses to release more pussy juice. I kept working on her tits while my finger reached her panty crotch. I played with her pussy and Tonya dropped her drink, her arms encircling my shoulders she brought my face closer to hers and kissed me warmly. Our tongues played with each other's and we stayed like that for a couple of minutes. Her fingers were now digging my dripping pussy and now and then she would shove two three fingers at once into me. Her hands were so soft and silky, I would allow her to fist me now. We kissed, played with the clits and fingered ourselves. It was a very lovely moment we were enduring and I reaffirmed my belief that women can share tender love but a man's dick between one's legs is still very different. Both are as good and are needed as required. Her lips left mine and she kissed my body stopping at the right spots to show her experience in the field. She reached my navel, shoved her tongue in it and washed it clean with her mouth. She traveled further down and reached my pussy. With her mouth she drew on my panty freeing my fuck hole now opened to accommodate any fuck device suitable for that purpose. Her lips met my pussy lips and I was driven immediately into ecstasy as her soft lips worked my labia sending showers of fluid draining me out of myself. My hands held tight on to her hair massing her skull and guiding her to the sensitive spots that turn me on for more . I lied down slowly on the settee and allowed Tonya to sit on my face taking her whole pussy system on my face. Her cum showered my face as she opened her legs to ease herself on top of me. I licked the nectar hungrily as her pussy slipped from my nose into my mouth. I felt a hot wet piece of flesh against my lips and I worked into her, biting, licking swallowing all that got into my way. I drove my tongue into her pussy and drew all her liquid driving her crazier. She responded by doing same to me and we were lost in pussy eating and mouth fucking. At the other end, I could see Allan had drawn his 11 inch rod out and shaking it mildly. Using my free hand I called him to draw closer and he came, happy to have his share of fun. He flicked his 11 inch cock on my face slapping my cheeks with his big fat 11 inch cock and forced out my mouth and into Tonya's pussy. His dick head pressed firmly against Tonya's fuck hole as she was tighter than me and suddenly disappeared inside her tender flesh. I watched surprised by the thick 11 inch cock finding a way in her tight hole. Allan's meat worked into her and Allan pushed harder until his balls were slamming her ass cheeks. I sucked Allan's balls and drew one of them in my mouth and massaged it while he tried to pull his 11 inch cock out to screw Tonya. His balls left my mouth forcefully and Allan started fucking Tonya violently right above my mouth. As Allan's 11 inch cock drew out, a trickle of Tonya's juice ran down my mouth and I swallowed each droplet that left her pussy. While Allan pounded her pussy I licked Tonya right there where women fingered themselves and a few seconds later Tonya gasped leaving a river a her juice flowing along Allan's 11 inch cock and into my mouth. She flew abundantly and I was unable to retain all this fluid into my mouth. I licked her again and again and she came and came showering her fluid in my face. Tired and pressed by Allan's leg, I moved out with Allan's 11 inch cock stuck into Tonya. I sucked Tonya's asshole and shoved my tongue into her. She gasped again as my tongue did her ass and I massaged Allan's balls while he was screwing Tonya. Allan removed his 11 inch cock and Tonya got up. I asked Allan to lie down on the sofa and I sat on his 11 inch cock and pressed down to

let his cock dig me. I let myself go down his 11 inch cock until my pussy swallowed all the meat. I rested a little to enjoy the sensation of the big 11 inch cock inside me and appreciated its presence inside me. I started my up and down movement and my pleasure button was pressed on. I increased the tempo because as I fucked Allan's 11 inch cock my desire to screw harder increased. Tonya sat on Allan's face and he shoved his tongue into her, making her go mad. We were both on top of Allan and Allan had his fuck rod into me while his tongue was doing Tonya's pussy. On top of Allan we were both free while our pussys were being pounded relentlessly. I pulled Tonya's hair drawing her closer to me and kissed her lips engulfing her mouth at once. Tonya's arms embraced my tits and she pressed them firmly. Down there Allan's 11 inch cock was working my pussy like mad and the scene was too much. I came just there with a loud sigh and I felt drained out as my pussy fluid flew out rushing along Allan's 11 inch thick rod. I was now biting Tonya's lips and she was biting mine as she came again. Allan kept his tempo and I came again and again sending torrents of fluid down my pussy. It was fucking good. Allan's 11 inch rod went in and out of my fuck hole driving me crazy as I came one more time. Allan was tired fucking me from below and he requested to change positions. I lied down now and Allan drove his 11 inch rod again into me. He fucked harder and harder as Tonya licked my ass and played with Allan's balls. Suddenly Allan's 11 inch cock straightened inside me and I could feel he would blow his huge load into me. He pounded me some more and drew his 11 inch cock out. His 11 inch cock came out in the open glistening in the day light covered with pussy juice. A thick mass of hot white sperm flew in the air and reached my lips and nose up to the eyes. I felt a long mass of hot jelly deposit all along my breast and belly and into my pussy hair. Allan's 11 inch cock vomited some more cum onto my belly and some flew into my navel. Tonya stretched herself licking all the cum fluid while I raised my back to suck the thick drops gripping his dickhead. I licked his 11 inch cock clean and drew in into my mouth blowing him with my hands. I blew harder and harder and Allan came again blowing another huge load into my mouth. He came in several blows and his sperm flooded my mouth and poured out my lips. Tonya saw the sperm dripping and started licking my lips, Allan's 11 inch cock still buried in my mouth. Tonya was now licking my mouth and Allan's 11 inch cock at the same time. Allan drew his 11 inch cock out of my mouth and we both sucked his 11 inch cock. It was getting late now and my husband would soon reach home, so I dressed hurriedly and went to the bath room to freshen my face. Remember, I never clean my pussy after a fuck. I like the liquid to soak my panty and I like it to stay there forever. As I was leaving Allan's home, I could see Tonya blowing Allan again. I was very angry I had to leave Allan to Tonya only but forgot about it because Allan is going to screw me again and again .....until it lasts.
