Addicted To Your Love I do not know when , I do not know how , I do not know why , You came into my life like a thief , Taking you , my heart and my soul . I love you! I miss you ! I need you! My life has no sense without you , I'm addicted to you and your love . You are my light , You are my passion , You are my destiny , Your fire consumes my mind and my body , You are my weakness and insanity . You know me inside, You know who I am , You know my pain and sorrow , I wanna get lost in your love forever , My love and my life belongs to you,
