Erotic Lovers Walking softly through the woods Hand in hand two lovers move Suddenly against a tree Scorching kisses on her neck Laying down upon a blanket Blue eyes locked onto each other Slowly stripped of all her clothing Legs are spread wide for his use Stifling moans in the lush forest Tongues now dance a sweet duet Swiftly entering and opening Wet heat takes all he can give Hardness ramming into softness Bodies buck at furious pace Hips grind rough in perfect rhythm Screams of pleasure fill the air Walking back along the path Smiling lovers share a kiss Up against a tree again Creamy liquid streaming down Driving on the highway fast Fingers find her tight, wet hole Thrusting hard till climax takes her Little slut just begs for more Fumbling keys unlock the door Arms around each other tight Body stripped for use again Rope and chains secure his slut Strong hands filled with ample curves Nipples pulled and twisted hard Stinging slaps connect with flesh Leaving marks to show they're his On the table in the kitchen Legs held high up in the air Crying out with pure desire Bare mound covered with his seed Grabbing locks of gold and copper Pushing deep inside her throat Head held close against his body Grunts of lust as he explodes Standing in the steamy shower Bending down to offer more Forcing into unmatched tightness Yet another hole well filled Bodies resting for a moment Soon enough they start again Erotic lovers never sated Joined in love and lust till dawn.
