So far away I just want to taste his lips; Feel his weight on top of me pressing up against my hips. Run my tongue down his chest to his big hard dick; Suck it like he's never had it and give his balls a lick. I want to feel his lips and his hands all over me; Let him transport me to a place of sexual ecstasy. Feel his breath on my neck as he enters my hot cunt; I know he will give me everything that I could ever want. I want him so bad I can feel the heat building up; I have a giant craving for my horny little slut. My dirty little whore who always pleases me; He is my sexy slave boy that I am just dying to see. He is all the way across the country such a long distance, But when he is oh so naughty he melts all my resistance. Lick my pussy baby I will cum all over your face; Then put on my thong panty the one that is made of lace. Give him everything that my slave boy needs; It is his horny ass that I am going to please. Come over here sexy baby and sit down on my pole, I will fuck you so nice and take your virgin hole. You just wait one minute you are not done yet; Suck my cock right down your throat and make it extra wet. Can you taste your ass it is extra fine; Get your legs up in the air because your hole is mine. Playing with your pretty cock it is hard as stone; Slide mine straight up your ass and listen to you moan. Pull you closer to me grabbing a hold of your thighs; I just live to fuck your ass and listen to your cries. Groans and screams of pleasure as you cum so hard; Your body is my playground I will always take charge. We burn up the wires on the internet and the phone; But I wish that you were here so I could take you home. So I could have my way and abuse you all the night; Damn this giant distance it is our biggest plight. He is always so very exciting to me; Though he is so far away I hope someday we meet.
