Just felt like writing another love poem this month...a 67Goat poem...

Some loves may come your way, And captivate your mind, And some loves may touch your heart,
With words so sweet and kind. But, your love has touched me deeper, More than you'll ever know,
More than merely capturing my heart, You're etched upon my soul. A love that will forever burn, Like
an eternal flame, And long after we both are gone, Our love will always remain. For our love is
eternal, Forever, come what may, A love that can't be measured, Like the hours in a day. And
someday amongst the heavens, Written with stars across the sky, On the list of the greatest lovers,
Will be the names of you and I. 02-03-12.
