Have You Ever... Have you ever sat and wondered why your life turned out the way it did? Have you ever sat and wondered what you could have done differently? Have you ever sat and wondered if you would ever find mr/mrs right as opposed to Mr/Mrs right now? Have you ever sat and wondered how to change the outcome even when the odds are stacked against you? Have you ever sat and wondered where all your actions/inactions will lead? Have you ever felt so alone you just wanted to scream? Have you ever watched as life passed you by? Have you ever grabbed the rung and hung on just to say I tried? Have you ever lost your way, then found it again? Have you ever just said fuck it all? Have you ever thought will anyone really miss me when I go? Have you ever put everyone around you first only to realize that your starting to loose yourself? Have you ever loved someone you couldn't have? Have you ever read a story and thought wow that could be me? Have you ever wanted someone so bad it hurts? Have you ever made love in the snow? Have you ever masturbated in the rain? This list could go on forever. I'm just wondering Have You Ever...
