Invisible lover, wow, fantastic, amazing again! Your words they excite, yet just type is to blame. Unknown, to weekly, now daily it seems, your messages all that's keeping me sane. I yearn for your touch, it's almost like pain. A kiss from those lips, my body please stain. You arouse as no other, over and over like rain. My romantic, passionate, ideal mate, desire for you never will wane! Just once to be with you, but what would that gain? Such longing and craving would drive me insane!
