Just Hold My Hand

<https://www.lushstories.com/stories/love-poems/just-hold-my-hand.aspx>

Just hold my hand as we walk along
Hand in hand as I sing our song
I see your eyes and they see mine
Oh how I love those special times
Let's walk along till time stands still
And then we'll climb the highest hill
And tell the world of the Love and Joy that we share
Just hold my hand as we walk along
Hand in hand as I sing my song
I see you smile and my sprits arise
But then the tears gather in your eyes
I take your hand as I wipe them dry
Our love is strong it will survive
The days are long and the nights are cold
We huddle close as we both grow old
Hand in Hand Yours in mine Mine in yours
our love combined Will last forever don't you know
Just hold my hand.
