Describing loving a messed up guy

<https://www.lushstories.com/stories/love-poems/link.aspx>

His name was Link and he was from the neighbourhood He promised me a terrible lie I stole a kiss
but I paid for it dearly He had issues like a sink hole He had a way of clinging that hurt my heart Wish
I had a needle and thread for the tears But my bucket is almost empty anyway I have to clutch these
last pebbles to my breast Your heart is greedy like a drowning girl I could give until I was transparent I
walked away because I had to And it broke my fucking heart
