Our Love

Love is waking up to your smiling face every morning

Leaning over, our lips meeting

Our hands holding;

Love is the way you watch me when I walk away

The way you tell me I am beautiful

The way you tell me you want to spend the rest of your life with me;

Love is the warmth I get from being around you

The way you make me feel mentally

The way you make me physically;

Love is the way you treat me

Always with respect

Protecting me from all harm;

Love is the way you walk beside me

Letting the world know I am taken

Letting the world know I am only yours;

Love is the letter 'M' I wear around my neck

The pictures I have of us in frames

The memories we have created;

Love is me knowing that I have found the one

The one who makes me feel whole

The one I want to spend my life with;

Love is Me and You
