With one man when you need to be with another.

My Confession Tenderly you hold me Just like you told me. You stroke my hair And touch what you dare. I feel your hardness as you deeply thrust A man doing what you must. Between your fingers I learn My rubbery nipples tingle and burn. The waves get bigger As you stoke my trigger I want to cum... Yes baby I badly want to cum!! Thrust harder, release me, Oh god release me!! You pause....toying, teasing You wink.....enjoying pleasing A gentle kiss on my nose I'm fucking close he knows. My urges rise, confusion takes hold Something inside I have never told My hips thrash and thrust I'm cumming, I'm cumming, I MUST! I blush, I shirk, I smirk, I'm shy Should I lie? My body shudders I lose my rudder. The image of that face appears? Oh dear! God it's not true? I know it will make you feel blue. I'm so sorry I hope you never read this story. As my body shakes and releases My guilt never ceases. I hold YOU in my arms, YOUR driving cock inside me But at my peak It's all oblique And I'm obsessed with HIM. As I cum, I scream My nails dig and scrape, I dream. Is it you? Is it HIM? My face is flushed and pink You think I'm satisfied But I'm just Guilty.
