What does sex sound like?

My Voice in Your Ear

My voice in your ear
A smack on my ass
Purring and moaning
Ice melting in glass
Hot screams in the night
The creak of the bed
Grunting and groaning
Hands gripping the spread
The sound of fierce pumping
A cry of desire
Yelling and yearning
A hot slut on fire
The spray of hot liquid
Mixed with thick seed
Exploding and burning
The release of pure need
Heavy breathing subsiding
Hands caressing soft skin
Sighing and smiling
A Cheshire Cat grin
