Pars pro toto. Midnight overature... misnomer concerto. Maestro's, domatrix baton. Operatic collaboration. Saint Andrews Cross. Inebriated, open inhibitions. Ascertained celebration. Like frost on a mirror, erotic alloy. Precum but droplets on their tongues The eye of vermouth, the olive of truth. I stand, endpin... mahogany cello. Adagio Saraccus Montebello. Take five. Pars pro toto. Midnight overature... misnomer concerto. Maestro's, domatrix baton. The sounding of surgical steel bar, in the eye of the penis. With one I am forged, engorged. Aria of my cock, exquisite. Like frost on a mirror, erotic alloy. Precum but droplets on their tongues. The sip of vermouth, the olive of truth. I stand, endrip... mahogany cello. Adagio Saraccus Montebello. Take five. Pars pro toto. Midnight overature... misnomer concerto. Maestro's, domatrix baton. Prince Albert of my cock displayed. Eyes seeing, dismayed. But that is my being. This is my me. Like frost on a mirror, erotic alloy. Precum but droplets on their tongues. The sip of vermouth, the olive of truth. I stand, endpin... mahogany cello. Adagio Saraccus Montebello. Take five. Pars pro toto. Midnight overature... misnomer concerto. Maestro's, domatrix baton. My cock enshrined... bars of nine. Encased in a cage sublime, most chastity. Like frost on a mirror, erotic alloy. Precum but droplets on their tongues. The sip of vermouth, the olive of truth. I stand, endrip... mahogany cello. Adagio Saraccus Montebello. Pars pro toto. Midnight overature... misnomer concerto. Maestro's, domatrix baton. Casting away inner demons of my soul. Beseeching shadow I scream. DO ME! Not giving me rest. I CONFESS! Craving to be knave to Secret Scarlet Sparrows... erotic alloy. Precum but droplets on their tongues. The sip of vermouth, the olive of truth. I stand, endpin... mahogany cello. Adagio Saraccus Montebello. Intermittetur. ----- Pars pro toto is a concept; in this case representing the penis... Endpin is the leg on a cello... Aria is an opera solo... Intermittetur is intermission in Latin
