Read it, recite it, email it to a lover...but don't claim it as yours.

Just a glimpse...

Sated Lights are dimmed, candles flicker Blue eyes smiling, reflecting the flame She spies her man, hard with desire Smiling 'cause she knows she isto blame. She lays across sheets of satin Red hair taunting, daring to be messed He sees his kitten spread out like a feast And lowers his head to suck upon her breast. Fingers find wet warmth to invade Pink folds glisten, aching to be explored Her body responds like a wanton little slut Needing to be punished and adored. Bodies intertwine, tongues dance White hot liquid explodes, a sweet liqueur Hours of pleasure take them through the night 'Til sleep takes them...sated and secure.
