An escape from reality you provide me with pleasure, To be creative and explore my sexual treasures
Breaking all the rules, allowing me to be me, Craving to set my naughty alter ego free With a once
vulnerable and nervous laugh, I'm now willing and eager to set my own path I'm not the girl I once
was, no hesitations no doubts, Ready to bare my other side, reveal my kinks I have nothing to hide
Like a wild mare thrashing in heat, I'm desperate and wild for a sexual release Leaving me breathless
with an aching need, Hot and bothered, weak at the knees Blood goes coursing through my veins,
With moisture building between my legs A constant high I cannot escape, I'm constantly aroused and
soaking wet I've ignored the signs, I've ached so much, Spreading my legs, I begin to touch Fingers
buried deep inside, Stroking, rubbing, I grab my vibe Riding it out like a rough wave, My body
shudders, I begin to shake My mind wanders with dirty thoughts, Invading my soul, challenging my
heart Strap-ons, reluctance, anal and rimming, My deep, dark secrets I've always kept hidden I ache
to reveal the Vixen within, To dominate my demons and sexual sins Passions fuelled by my blazing
needs, Insatiable desires overcome me On my knees, or against the wall, Fuck me, tease me, offer it
all I need your release, dominate my mind, Take my hands, wrap them, tie them, spank my behind
My layers unravelling, my guard is down, I'm bewildered and delighted at what I've found Good-bye
"Shy Girl" you will not be missed, I'm eager to embrace my new sexual bliss!
