She rolls across the bed her soft smooth skin sliding around the silk sheet His hand finds her round soft breast and squeezes firmly. A soft moan escapes from her red lips. Please take me. She moans. His answering chuckle is gruff and low. In due time pet. The wind blows across her skin forming goose bumps. He kisses her shoulder and sinks his teeth in her flesh The cold metal of the hand cuffs bite into her slender wrist. She pulls on the restraints and groans Her vagina grows wet with the touch of his large warm hands. The bed sways as his body moves in time with hers. It groans under their weight, seemingly joining in with the two as they connect their bodies as one. His world collides with hers and she spins out of control. The sensations are becoming more than each can cope with. The red walls of the room watch them with amusement as he penetrates her body. Her back arches and his teeth clench. The tightness is so astounding he cannot believe she is real. Flushed faces, and glistening skin are what each see when looking at the other. He pushes and she pushes back, wanting and milking everything he has and more. Take it all, I want your love inside me. Her eyes find his and the love pours throughout the room. She cannot take anymore and flies into oblivion touching the stars and dancing with the moon. His mind races away, his body emptying his everything into her soft warm skin. The wind blows into the heady, hot room and she smiles, sighing from the love she feels inside.
