Just a short one I made a while ago. You know how people in love got so in a mood to write.. :p

I just want you to know, that I love you. More than everything in this world, I've ever known. 'Coz you've gave me strength to stand and survive. And you're the one that I could wish for. I can't live, I can't breathe. If you're not around, I would be lost If your love away, I just feel numb. If only you know, if only you see. You're my everything, a world for me. And you are the one that I could wish for..
