This Morning he was mine

<https://www.lushstories.com/stories/love-poems/this-morning.aspx>

This Morning he was all mine Hard and throbbing His body against mine This morning we were naked
In a bed that shone He was inside me Hid hand holding mine He fucked me and loved me and kissed
me he made me come and almost drove me insane This morning I licked him and sucked him and he
ate me up This morning he was my very reason to wake up
