I make this solemn promise to you:
To be your lover when you need to be loved,
Your doctor when you are ill, Your army when you go to war, Your umbrella when life rains down on you, Your rock when you get weary, Your shield when you need defense, Your spirit when you are drained, Your pillow when you need to rest, Your voice when no one can hear you, Your ear when no one will listen, Your comfort when you feel pain, Your hero when you are under duress, Your sunshine when darkness fall Your answer when questions arise, Your inspiration to overcome obstacles, Your hand to hold when you are frightened, Your kiss that wakes you everyday, and your "I love you" each and every night.
I am yours... all of me.

I hold you in my arms And I kiss you tenderly I hold you tighter and tighter It's been days since we've been together. We kiss more and more passionately I kiss your neck, and you turn your head allowing me access And I stop to gaze into your beautiful green eyes You kiss me again Your hands running up and down my back slowly you unbutton my shirt, Then you slowly pull it off, I hold you to my chest And I feel your heart race in rhythm with mine I feel your hands trembling in anticipation As you put my chest in your hands You love that I look in your eyes I feel it in your touch I gently lift you off your feet and cradle you in my arms I carry you to the bed I lay you there gently I gaze at your beauty Your eyes, your hair, your smile! You reach for me unclasping my belt and tossing it on the floor You undo the rest of my clothing And it drops to the floor My erection just inches from your lips.

You grab my butt and pull me into your mouth Slowly you fondle my head, Then my shaft, I pull away, knowing I can't handle much more of this! I pull off your shirt and remove your bra, And as I slide off your shorts and panties I can see how your thong is already soaking with your juices I gasp at the magnificence of your body

Fresh, smooth and soft You touch me lovingly You pull me onto the bed And I climb into your embrace

I think how long I have been without you! How have I survived with your touch? We lie there together

Our bare flesh pressing together And we kiss deeply and passionately Our tongues exploring like our first kiss. I run my hands over your body Your skin is hot to the touch As I explore your back with my finger tips And it inflames my desire You softly caress my body You start to moan, and gaze at me, longing to start our lovemaking. Your soft touch turns a bit more aggressive. I slide carefully on top of you And you wrap your legs around my waist As my lips caress your breasts and my hands hold you auburn hair. You gasp as you feel how hard I am And seeing how ready you are I kiss you and we begin Our eyes locked on one another! I caress your skin tenderly I press myself against the searing warmth of your womanhood Your so wet, so silky and I can feel your heat! You squeeze me tightly in your arms As you feel the hardness of my masculinity I slide between your moist lips I only surrender my head. We gasp together, the first touch driving us wild, anticipating what is to come I slowly fill you completely, feeling every inch of you, And we become one! I feel your warmth enclose me Your juices flowing over my testicles And you become part of me One that I was always meant to find

I retreat again only allowing my head to dance with your vagina! I continue slowly, pulling as far away from you as I can stand then plunging back into the perfect warmth of your love,

The sounds of our love making are driving me crazy You moan as I pull myself out to your lips, then gasp as I tenderly slide inside you again. You move your body with mine, the pressure building

Pausing to discover your deepest treasures I feel you tensing And I begin to move faster, though still gently Faster and faster and faster until,

I remain deeply in you as we grind our hips together You scream my name and your back arches As the bursting point is reached As your body explodes, drowning us both in ecstasy

I can feel your clitoris rubbing against my flesh! We cling to each other. Lest we be washed away in the rapture of your climax!

As your vagina walls pulsate on my cock! I lay there in your arms I kiss you tenderly And I slowly begin again I moan in ecstasy You cry in pleasure! Our lives, as our bodies and soul, are one I ask if I can cum, and you just smile and nod!

Your legs tightly wrapped around my back! I feel it building beyond my control and I tell you in a way that requires no words, then the waves begin, like the surf on the ocean!

Your hips are thrusting in a perfect rhythm. You thrust once more and I explode, bursting inside you, so intense is the feeling that I feel I may faint. Never have I felt like this, until we became one! You scream as you feel it going on and on My love for you flowing into your body Your love for me cradling me in bliss Our juices combining to create unbelievable heat!

My body stiffens and I tremble and cry out your name! We hold each other tightly As we become one soul And for an instant, we touch heaven I nearly faint as it fades I lie in your arms spent like a child I pull you close to me and I hold you tenderly I never want this feeling to dissipate! You hold tightly to me Nibbling softly on my chest And I hold you protectively We are each others to share! I softly stroke your auburn hair And I kiss your lips, a kiss of love And I feel you surrender in my arms! A feeling I never want to go away. I kiss your hair, Marveling in the beauty of it's smell I whisper in your ear "I Love you Kathy" And you giggle as goose bumps awaken on your sensual legs! You tell me that you love me, and that you feel safe in my arms We drift off into blissful sleep, snuggling together, our bodies a perfect fit! We sleep in each other's arms our touch warming our bodies, our love warming our souls! Never wanting to move!

Together, forever our love growing stronger!
