Just beginning to play with this type of free-form poetry. tonite a lady is coming over to be my babygirl to tease me and suck on me to fuck me all the time calling me daddy urging daddy on being so happy daddy is sliding into her controlling her making her feel special and dirty she wants to cum on daddy's face while daddy pushes three fingers into her cunt my little girl wants daddy to pull her hair keep a hand on her neck and pound her pussy hard with his cock to cum all over her and to collapse holding his babydoll softly stroking her back and breasts and she'll ask "was I good girl daddy?"
