Oh, haven't we all been here

<https://www.lushstories.com/stories/love-poems/writers-block.aspx>

Damn blank page. This is supposed to be a story. About something romantic, Christ, even something gory. Or if not romantic Then about cock, about pussy. Please, God, I just need words! What the fuck rhymes with pussy? One page a day. I'm not asking for glory But I'm failing myself If I can't work on a story. Does a poem count?
