I can go back and visit now look, and not feel the pain. The hurt that came from your rejection. I now know it was all in vain. ***** I can stay and linger now spend time and watch and look, The tears no longer flow now they evaporated with all that you took. ***** I can sit with you all now and share your laughs and joys. And I can stand in your presence and smile as I join in all the noise. ***** You see, you taught me all you knew And then you gave me wings, Humiliatingly, sending me away but now it is me that sings. ***** I took away your light and stole the rainbows from your heart, though it never gave me pleasure I never wanted us to part. ***** I can go back and visit now Take a bow and do a twirl But you can't even bear to stay You are such a silly girl! ***** All that I have accomplished could have been yours to share but you threw it all away and now I have stripped you bare! ***** I can go back and visit now I can look and not feel the pain, There is nothing left to cry for except for you, who have no name.
