My wife and I hadn't been out together in almost 20 years. Once the kids started coming their certainly was no more spending any time together. We had been married for more than 20 years and I think we forgot what a night out really was anymore. We got so use to just staying home that we never even gave it thought. One day I decided that I would surprise my wife and take her out to dinner. I couldn't remember the last time just the two of us had gone out. I also decided that we should go to the movies. The last movie we had been to was years ago and it was a kid's movie. It would be just like when I courted her so many years ago. The kids are old enough to take care of themselves so we can come home any time we liked. My wife was thrilled with the idea and couldn't wait to go out. We both dressed casual as my wife wore a nice tight v neck shirt that show off her gorgeous tits. She also had a pair of tight jeans that hugged beautifully against her nice ass. My wife for 49 was still a very attractive woman. She really didn't look a day over 40 and most men still were in awe over her. That night we headed out we couldn't think of a place we wanted to eat. It had been so long since we had been to any nice restaurants together that we couldn't decide were to go. The possibilities were endless. We finally found a nice casual place that we never had been to before. It was fairly close to the show so we decided we would go there. My wife and I aren't drinkers at all, but on this one occasion she had a glass of wine and I had a beer. The meal was great and we actually just sat and talked about different things including what movie we wanted to see. We finally decided on a movie and of course it was a chick flick, but at this point I really didn't care. My wife can get very emotional about these kind of movies and she was very much into it. The movie had lasted about an hour and a half as we walked back out to our car. It was still early basically speaking as it wasn't even ten o'clock yet, but for our age that was still late. As we drove home my wife and I talked about how great of a night this was. We wish it could go on for many more hours. It then dawned on me that we always had talked about stopping at that new local pub that open close to where we lived. I said, "Why don't we stop at that local pub that just opened a few months ago. I see no reason we can't keep this night going. Do you?" My wife turned towards me and said, "That's a great idea!" There was a decent crowd that night as we found a table off to the side. We sat down and ordered a beer and a glass of wine and saluted our beautiful night out together. It was almost 30 minutes later when I got up to get my wife another glass of wine. I left her at the table so we wouldn't lose it. I had been gone

almost 10 minutes as I also stopped by the restroom on the way. I was very surprised to see another gentlemen at our table talking to my wife. I thought maybe she had known him from work. I walked up and my wife said, "I want you to meet Dan! Dan is a policeman and just stopped to shoot the bull with me." At first I was a little taken aback by his aggressive style, but I went ahead and sat down next to my wife. We all talked about an hour as Dan flirted with my wife. Dan was 31 years old and since he was a police officer he had a very physically fit body. He had told us that he had gotten divorced two years ago. He sat practically up against my wife as he touched her back several times with his hand. I noticed his hand slowly worked its way down her back until it had reached the top of her jeans. He then began to move his hand even lower until he had come a rest on her butt. My wife felt really good now as she loved the attention that Dan gave her. She then joked to him, "I would love for you to cuff me! Or even better how about frisk me!" Dan laughed out and said, "I would love to frisk you!" My wife was a little buzzed by the wine as she then said, "Where is your big stick?" she said as she laughed out loudly. Dan then looked down at his pants and said, "I got it with me! I bet you'd like to see it!" My wife laughed as the sexual jokes continued on for a few more minutes. She then got up to use the restroom leaving Dan and myself to chat. Dan said to me, "Man your wife is hot! Would you care if I hooked up with her tonight? She is in a very horny state!." I wasn't surprised he had asked so I said to him, "It is up to my wife! Go for it if you can. But don't be surprised if she shoots you down!" "I will take my chances!" Dan said back to me as he waited for my wife to come back to the table. I sat their at the table partially aroused at the thought of him hitting on my wife, but I was also partly jealous at the thought of it. I had no idea what she would do since she had a few glasses of wine in her. A few minutes later my wife walked back over to the table. Dan was very close to her as he gazed down at her shirt as my wife's hard nipples penetrated right through her tight shirt. He was very aroused now and said, "I had a few drinks tonight, could you drop me off at my place. It isn't too far from here." My wife immediately said, "Sure! We wouldn't want you to get into any trouble." We got up off our bar stools and immediately Dan place his hand on my wife's butt as we headed out the door through the crowd. He sat in the back seat as he gave us directions to his place. We pulled up to a nice small ranch house that sat on a quiet street. Dan then said, "I just moved into this place about a year ago. Would you like to come in and see the work I had done on it. I had to gut a lot of it." My wife immediately said, "Sure!" as we all three got out of the car. Dan led the way as we walked into his living room. He went on about the work he did on it and took us into the kitchen. There he did a complete makeover and it looked very nice. Dan then said, "Before you go I need to show you my new bedroom set. I just got it about two weeks ago, but I still hadn't put the new sheet set on it yet." We walked into his bedroom and he was right the mattress had no sheets on it. The new sheet set he had bought still lay on the on his dresser still in its package. My wife then said, "Dan, you need to put your sheets on the mattress. She then walked over and picked the sheets up off his dresser and said, "Here I will do it for you!" She pulled the sheets out of the package and was amazed. She said, Wow Dan! These are expensive silk sheets. Where did you get these?" "They had a big clearance sale at the store and the gal told me that they were a very expensive set of sheets. They had them marked down 75% so I bought them," he replied back. My wife then put on the sheet set for him. She said,

“Wow! This set feels so good!” as she ran her hand across it. Dan who stood right behind her reached around with his hand and felt it also. He said, “I bet you would love to be naked and lay on this silk!” My wife said, “I really wish we had a set like this on our bed.” My wife was now over her infatuation with the sheet set as she turned around to leave. Dan was right there in front of her as he immediately embraced my wife. He began to kiss her on the neck and ears as my wife slightly closed her eyes. Dan’s tongue felt wonderful pressing against her neck and ear. He now began to caress her lovely body as my wife began to fall victim to his desires. Dan quickly moved his hand underneath my wife’s shirt. His hand ran up her shirt until he found what he was looking for. He began to touch her naked breasts as her eyes had now completely closed. He now pushed his lips up against my wife’s lips as I was now regulated to being just a spectator. He slammed his tongue down my wife’s throat as his hands now rested on her butt. Their bodies were tightly pushed together as they both had fallen onto Dan’s bed. Dan now on top of my wife as he continued to push his tongue deep into my wife’s mouth. He quickly worked her shirt up over top of her beautiful tits exposing them to his strong hands. A few minutes later Dan grabbed my wife’s jeans and panties and yanked them down to her knees. He continued to kiss her very hard as my wife squirmed about underneath him. Dan now yanked his pants down as his tight naked ass appeared right before my eyes. My wife was helpless now as Dan held her body tightly to the bed. He again had his tongue down her throat as my wife continued to moan. It was a few seconds later that my wife’s body began to squirm very hard. Her moans grew extremely loud as Dan had worked his big cock into her. My wife’s body was really squirming now underneath him as he began to fuck her with more momentum. My wife cried out, “Oh’ God! Oh’ God!” as I watched Dan’s ass thrust in and out as he pushed his cock even deeper inside my wife. It had been only about 5 minutes when my wife’s moans grew extremely loud. Her body lay underneath him trembling extremely hard, and then it happened. My wife let out a hollowing scream as she started to cum very hard on Dan’s big cock. There was no turning back now. My wife once she orgasms will want it more and more. Dan now had her in his control as he lifted his body up off hers. His cock glisten with my wife’s juices as they ran down the shaft of his cock. I hadn’t seen her cum that hard in many of years. He then pulled her shirt up over her head and then removed her jeans the rest of the way off her body. He then grabbed her panties which were now wrapped around her ankles. He tossed them towards me as they bounced off my chest. Dan quickly removed the rest of his clothes as his tight body was ready for more action. He knelt in between my wife’s legs. He grabbed a hold of her thighs and pushed her knees back towards the sheets. At 49 I couldn’t believe her body was still that agile as he now held her knees tightly against the sheets. Her legs were up in the air as her swollen pussy was now spread wide open. He quickly positioned his big cock right up against her pussy as he rubbed his back cock back and forth across it. He teased her for a few minutes as she let out several moans. He then gave his cock one hard thrust as it easily slipped back into my wife’s pussy. She yelled out loudly as Dan began to fuck her good and hard. Her big tits shook extremely hard as they thrashed back and forth. Dan began to punish her with his cock as he rammed it very deep inside her. He now had fucked her hard for several minutes when my wife screamed out, “Oh’ God!” over and over. My wife started to cum again on Dan’s big cock. She was in

total ecstasy as she had another very powerful orgasm. Dan now let go of her weakened legs and flipped her over onto her stomach. He reached down and grabbed her hips and pulled her ass up towards his big cock. He quickly rammed his cock back into her from behind as my wife moaned out loudly again. He fucked her good and hard from behind as I heard the flesh of each of their bodies colliding hard against each other's. My wife's face and tits were plastered against the silk sheets as she screamed into them. It was a few minutes later that my wife cried out into her third orgasm of the night. This one was extremely powerful as her body shook uncontrollably. Her orgasm went on much longer than the others as Dan continued to pound his big cock into her. A couple minutes later Dan looked over towards me and said, "I am going to cum all over your wife's gorgeous ass!" He gave my wife several hard thrusts with his cock as she yelped out loudly with every thrust. His body began to tighten up as he started to grunt. Then he yanked his hard cock out of my wife's pussy and positioned it right at her ass. He stroked hard on his cock for a few seconds as he let out a loud grunt. His cock began to explode as shot after shot of cum landed all over my wife's ass. She laid there still trembling as Dan's cum ran down over the cheeks of her gorgeous ass. It had been a little more than twenty minutes since my wife put the new silk sheets on the bed, but only to be fucked on those very same silk sheets. I had never seen her orgasm like that before. Her body was so worn out she couldn't even move. It had been twenty minutes later and my wife still hadn't moved. Her face was guilt ridden as she now knew she had made a mistake. Dan on the other hand was ready for more action. He quickly turned my wife back over onto her back. He climbed on top of her as she had no energy to stop him. A couple of minutes later as Dan kissed her all over her body that she cried out again. Dan had slipped his big cock back into her as he slowly began to fuck her again. Her body instantly began to squirmed about the bed as Dan held it tightly down onto the silk sheets. He now had his tongue deep into her mouth as she let out several muzzled moans. It was several minutes later as my wife moans grew louder. Dan had her on the verge of cumming as my wife tried to fight it. It was no use; a few seconds later my wife cried out as she started to cum very hard again all over Dan's big cock. He now turned her back over onto her stomach as he grabbed two of the pillows off the bed. He laid her worn out body across them. Her ass now sat up in the air as Dan grabbed his handcuffs off his night stand and said, "Remember you wanted me to handcuff you!" He then grabbed both of her wrists and secured the cuffs to each of them. He now had total control over her body as he mounted himself back behind her gorgeous ass. He then grabbed both of her hips with his strong hands and rammed his big cock back into her from behind. My wife instantly cried out as she was a prisoner to his cock. Dan fucked her with long hard deep strokes as his cock slid extremely deep into her pussy.. Her body withered even more as Dan had pushed her towards another powerful orgasm. Dan now pounded his big cock into my wife as she let out several hollowing moans. She couldn't take any more as she started to scream out into one of the most powerful orgasms of her life. It went on and on as Dan gave it to her very hard from behind. It had been almost 20 minutes later as my wife cried out, "I can't take any more! Please!" Dan continued to pound his cock into my wife as another powerful orgasm started to build inside her. Her moans now had turned to screams as Dan had grabbed her handcuffed wrists. He pulled her body hard against his as she felt the total wrath of his big cock inside

her. He gave her several hard thrusts with his cock as my wife screamed out, "Oh' fuck! Oh' fuck!" She was now very close to cumming again. Dan then said, "I want you to cum with me baby! I am going to fill that pussy up with my cum!" A few seconds later my wife screamed out as did Dan. He started to cum very hard inside her as my wife cried out into another very powerful orgasm. He pumped his cock into her for a good two minutes as her worn out body just shook and trembled as she still lay handcuffed across the two pillows. Dan removed the handcuffs from her as he pulled his wet cock out of her pussy. My wife, with whatever energy she still had left in her, climbed off the bed and grabbed her clothes. She threw her shirt over her head and quickly put her panties back on. She then grabbed her pants and shoes and headed out of the house. She stood by the side of the car in her panties as we both got in and left. Once in the car my wife's face was very red. She felt extremely guilty that she let this get so out of control. She said, "I am sorry!" over and over on the way home. I really wasn't mad at her at all. We still had a great time that night, but she got a little extra on the side. I told her, "Maybe we can go out again next month!" This brought a small smile to her embarrassed face.
