Breakups are tough. Sometime you need someone to console you.

<https://www.lushstories.com/stories/milf/one-night-with-my-exs-mom.aspx>

My name is David. I'm 5'10 and dark brown hair and eyes. Yesterday my girlfriend Heidi of about 2 years decided to break up with me. I don't know why exactly though. She said it was because I pressured her into losing her virginity. She said she wanted to wait until she was married eventually. I had brought it up a few times while we were dating, but I guess that was too much. Or maybe she just said that and wanted to find a way out of the relationship. But I wasn't ready to move on yet. Even though she was 20 and in college, she still lived at home with her mom. So one Friday night I came over to talk to her about it. I knocked at the door and her mom Jessica answered the door. She was 5'10 as well, but had light brown hair and eyes with C-cups. "Hey Mrs. Jones. Is Heidi around?" I asked. "You can call me Jessica, David. And no, she is out with some friends tonight. I'm sorry," Jessica replied. I was a little disheartened honestly. I thought maybe I could patch things up at least. But now it looks like she was done with me and moving on. "Well OK Jessica. I guess I'll be going now," I said. "Wait. Are you taking the breakup pretty hard?" Jessica asked. "Yes, I screwed up I guess. Well, I'll see you later," I replied. "Hold on. Come in and tell me about it. Maybe you'll feel better after wards," Jessica said. I was a little confused to say the least. Why exactly was she inviting me in? I felt pretty bad already, so I thought what could it hurt. Then I went inside with her and we both sat on the couch. "So, what happened?" Jessica asked. "Well, I know she told me she wanted to wait until she was married before she would..." I replied. "Have sex?" Jessica asked. "Yes. Sorry, but this already awkward Jessica, I'm gonna go," I replied. "No, wait, stay and let's talk. Pretend I'm your friend or something like that. I'm not your ex's mom. Just a listening friend," Jessica said. "OK. Well anyway, I respected her wishes for the most part. And it's not like I cheated. I would never cheat on her. I just wanted to have sex with her I guess. I didn't think I was pressuring her honestly. Then to me anyway out of nowhere, she wants to break up," I replied. Then she put her arm over me. "Well, life happens dude. You can't control how people feel. How people will take things. But, don't worry. I saw you two together many times. You are a good guy, you'll find someone else," Jessica said. "I

know. I was just hoping I could at least to patch things up. But she's gone now. Probably finding someone else now," I replied. "Well maybe, maybe not. You are both in college. But keep your chin up. Sometimes life works out," Jessica said. Then she hugged me a little tightly. I think she felt bad for me. I could have used a hug. Especially from her. Jessica always did support us. She did support the idea of us having sex. But Heidi wasn't interested. Then I think we both just felt something together as we hugged. We stopped for a minute and just looked at each other. Then we started kissing each other. Then we stopped after about 10 seconds. I don't think either one of us knew what to say. "I'm so sorry Mrs. Jones. I was just in the moment I guess," I said as I looked away. "It happens. I'm sorry too. You just broke up and are feeling sad and I just do that," Jessica replied. "Well, I should probably go now," I said as I got up. Then she got and grabbed my hand. "No, please stay," Jessica said. "Why?" I asked. "Well because of this," Jessica replied as she got up and kissed me again. We just stood there for a minute and made out. We both didn't know why we were doing this exactly. Maybe it was just lust. I put my hands onto her butt and she put her hands onto my head. "Is this the way you kissed her?" Jessica asked. "Yes, when we were in bed I guess," I replied. "You two slept together?" Jessica asked. "Not naked or overnight," I replied. Then she took my hand and we both went into her room. She still had a queen sized bed even though Heidi's dad hadn't lived there for 5 years. Then she got on the bed and took my hand. I got on top of her. We made out for a couple more minutes and I had to stop. "What is it? Do you think I'm too old?" Jessica asked. "No, it's not that. It's too soon and you are Heidi's mom. I can't do this," I replied. "Then this can be our little secret if you want. Let's do it at least once. She broke up with you, remember?" Jessica asked. I couldn't argue with that honestly. She did break up with me and not the other way around. And also, Jessica had me horny as hell. I couldn't help it. I started to feel her boobs a bit. For only having one child, she had great tits. "Would you like me to take this off?" Jessica asked. "Yes," I replied. So Jessica leaned up and took off her shirt exposing her bra. I grabbed onto her boobs some more and we began making out again too. We both put our arms around each other as far as we could as well. Then I unhooked her bra. "Well Jessica, I can see how Heidi got those boobs," I said. "I know. Are sure you wanna do this, once we do it, it can't be undone. Are you absolutely sure?" Jessica asked. "Well are you unsure?" I asked. "No," Jessica replied. Then she laid down flat on her back and I began undoing her pants. I pulled them exposing her underwear too. She had a very sexy body. Maybe even sexier than Heidi's. I just sat there and starred. "What? Are you stunned?" Jessica asked as she leaned up. "A little," I replied. Then she took off my shirt. I had began pinching her nipples as she kissed me on the cheek. Then I began licking and sucking on her left nipple. She put her hands onto my head as I sucked on it. I always wished I could have done it with Heidi, but now I was with her mom. "Come on, get down in there, it won't bite back," Jessica said. After another minute of that, I got up and stood in front of her. She began undoing my pants. She pulled them down along with my boxers. Then my very erect dick was out. She began stroking it a little. My dick was about 7 inches at that point. "Wow, you certainly are happy," Jessica said. "Well, you are a MILF," I replied. Then she took my dick in her mouth. It had been forever since I had any sex, so this was extra good. I had put my hands onto her head as she went as far back as she possibly could. She didn't get too sloppy. I

knew this was wrong, but it just felt so good. I couldn't help it but let it happen. "Holy shit Jessica. That feels so good. Keep it up, keep it up," I said. Then she had put her hands onto my butt as well. She was really getting into this rather quickly. I'm not sure why. Then she started getting my dick deeper and deeper into her mouth. I think she loved having sex with daughter's ex. Just like Heidi, she had some really soft lips. And when those lips just made it even better than it already was. She started going back and fourth rather quickly as if she was in a race. But then it was just too much. "Jessica, I'm gonna cum," I said. Then she backed away a bit and I came a bit onto the floor. Then we both laid down and kissed again. "Well, that was pretty good Jessica. You got some mouth," I said. "And what about your mouth?" Jessica asked. "I don't know, what about it?" I asked. "Would you return the favor for me? I mean after cumming, you are not out of it are you" Jessica asked. Then I got up and got over her very wet pussy. Then I got right into her pussy. I stuck my tongue into her pussy as deep as I could. Her pussy just got wetter as she began moaning quite a bit. "Oh shit David. Yeah get in there deep. Really deep. Hit my g-spot," Jessica said. I stuck my tongue around in there all around and she screamed. I think she was even more impressed that I was much younger and got her to moan and scream like that. To her it was like magic a man as young as me could please her that well. I put my hands onto her boobs again too as I hit her g-spot. "Fuck, now I know what my daughter is missing. She is missing a lot," Jessica said. Then sure enough, I made sure I gave her an orgasm. "Oh shit, shit, shit David, I'm gonna cum now," Jessica said. Then I got away a little and she exploded a big deal. I was a little stunned. She was in her mid 40s I think and she came the way some of my 22 year old girlfriends came. I gave a woman in her 40s an orgasm. We laid down for a minute to catch our breath. "Well, you got a condom?" I asked. "I got some in there," Jessica replied. Then I got out a condom and put it on. I got on top of her and inserted my dick into her. We both wrapped our arms around each other as I started going in and out a bit. I grabbed onto her boobs yet again. I licked her nipples gently. She really seemed to just love what ever we did sexually. So I kept it up. "Oh shit, your dick is even better than that tongue. Keep it in that pussy deep. I mean deep. Get it in there. Make love to me," Jessica said. I did my best to do just that. I started getting a little rough with her. I started going in and out quickly. And of course she started belting out some more moans again. I felt her big boobs leaning against me. Her boobs were bigger than Heidi's boobs. I thought of being with Jessica, but now the fantasy is now a reality. "Don't wear yourself out just yet. You are gonna need that dick some more," Jessica said. "I'm just making love to my ex's mom. I couldn't help it," I replied. Then we switched to doggie style. I started shoving my dick up into my pussy as far as I could. I started really thrusting my dick in and out and she screamed. "Shit, fuck, David, get it in there. Get that long dick up inside me as deep as you can. Deeper, deeper," Jessica said. I went in further and further until I just couldn't fit anymore in there. Then we just stayed in that position for a minute as I spanked her. I spanked her rather hard, but she really seemed to like it. "Yeah, spank me hard David. Spank me like you would have spanked Heidi," Jessica said. I don't think I ever thought of spanking Heidi honestly. I felt like it in the moment. But neither of us could handle all the pleasure anymore. We were both about to cum. Then we both started moaning quite a bit and we both came simultaneously. Then we stayed in that position and breathed heavily. Then I laid down with her. We kissed a couple more

times. I'm not sure how she felt exactly. But the sex was really good. "Well, you certainly know how to satisfy a woman. That was great. Have you had a lot of sex in the past?" Jessica asked. "Well, I wouldn't say a lot honestly. But a fair amount for being in college I guess. But was it really that good?" I asked. "Yes. You got some tongue. Too bad Heidi never wanted to see how it was. She is missing out quite a bit," Jessica replied. "Well, yes she is. But we shouldn't tell her about this though. I think it wouldn't help anyone one damn bit," I said. "Well, I never would have thought about that. And I was just gonna get up and tell her too," Jessica replied. "You are a very funny lady too," I said. "I know. I'm just messing with you. I won't tell her. Even if you two do work it out. You are right it'll just fuck things up. But that was a really good fuck session though," Jessica replied. "Well thank you Jessica. I'm glad you could appreciate me and how I'm in the bedroom. No disrespect to her, but I wanted it with her. And as I said I would cheat on her. But still, a man can only wait so long. I might have actually started to pressure her at some point in time," I said. "Well, you never know," Jessica replied. Then we both heard some footsteps. "Shit, it's her, you gotta hide," Jessica said. Then I took my clothes and hid in the closet, Jessica got under the blankets, then Heidi knocked. "Come in sweetheart," Jessica said. "Mom, can I talk to you?" Heidi asked. "Sure come here," Jessica replied. Then she came in and sat down on the bed. "I'm feeling bad about breaking up with David. I think I made a mistake," Heidi said. "Well, you want him back?" Jessica asked. "Yes, I miss him already. I went out with him for 2 years and never truly pressured me and then I just break up with him? What the hell is wrong with me?" Heidi asked. "Nothing. Don't talk like that. You'll only make yourself feel worse," Jessica replied. "What should I do?" Heidi asked. "Well tomorrow, call him. Maybe he'll still take you back and forgive you. It's at least worth a try," Jessica replied. "OK thanks mom. You getting ready for bed now?" Heidi asked. "Yes, it's a little late. So why don't you go take a bath or something. You'll feel refreshed, and tomorrow you'll call him and everything will be right, I just know it. I saw you two together. You are right for each other," Jessica replied. "OK, thanks mom. I love you," Heidi said. "I love you too. Give me a hug now," Jessica replied. Then they hugged and Heidi left the room. Then a minute later I came out of the closet and got dressed. "Well thanks for that. Maybe I'll see you around some more. Probably not sexually though," I said. "Just be good to her," Jessica replied. "I will," I said. "Give me one more kiss," Jessica replied. Then we kissed one more time and I left quietly. The next day Heidi called me. She wanted to meet up. So I met her. She apologized for breaking up and we officially got back together. We had sex for the first time a few months later and had got married 2 years after that. That was 5 years ago. We're married now and have one kid. I never ever told her about that one night. I knew it would definitely fuck things up. So it's Jessica's and my secret. But that was a great night with my ex's mom.
