Last Tuesday night, Sam decided to pick me up in school after my 8:30 classes. We're going to celebrate his promotion in his job over dinner. While having dinner at the Illustrado, I teasingly rubbed my foot to his crotch; he is already hard. He winked at me knowing I want to get naughty with him. I stood up and went to the ladies room and gave him a call saying I'm ready. After a few minutes, he knocked at the door, as he entered the room, he started kissing me and took my uniform off sucked my nipples. I unzipped his pants and gave him the quickest blow job I've ever done. He came in my mouth. After cleaning up, we went out of the restroom pretending nothing happened. Good thing no one saw us emerge from the room together. After dinner, we took a walk around the Walled City. We held hands like other lovers, but as we were approaching in the dark, he placed his hands over my shoulder and slid one of his hands inside my blouse, playing with my nipples. I held his package outside his pants; his cock was hard as rock. We saw two lovers sitting under a tree doing "something" in the dark. As we pass them, Sam stopped walking and stood in front of me. He kissed me as he unzipped my pants and slipped his hand in my underwear and rubbed my wet clit and whispered, "Do not make any noise unless someone might see us". I bit my lip hard as I could as I try not to make loud moans while he keeps on playing with my wet pussy until I came while biting his shoulder. He wanted the thrill of being fucked outdoors and, since my ex-boyfriend gave me the pleasure the day before he left for Korea, I would do the same for Sam. It was spur of the moment but we decided to just fuck back on campus. It made me nervous since it was noontime and there are teachers in the office. With his hand on my breasts and my hand on his package, Sam and I found a good spot at the corner of San Diego Gardens under the bushes where no one could see us. I pulled him towards the corner of the garden and started sucking his 8 inch cock. He laid me down on the grass and started undressing me, kissing and licking every inch of my body. He leaned into my ear and whispered: "Andii, you've made me so horny. I want to taste your wet pussy now and when you're really wet and hot, I want to fuck you...fuck you hard and deep and shoot my cum deep inside your pussy." When he reached down to my pussy, he started eating it like a hungry man. I loved the feeling of his tongue thrust in and out of my pussy as he reached all the good spots. I pulled his hair as I came. I need his hard cock inside me. I took his cock and guided it to the entrance of my wet pussy. As soon as he felt the tip of his hard cock sitting between my pussy lips, he slowly pushed in all the way and held there for a couple of minutes. Feeling my wet and warm pussy tighten around his

cock. Mmm, it felt so good for him to be inside me. He slowly began pumping as I lifted my hips to meet his thrust. He shifted his weight to one elbow and used his free hand to cup one of my tits and squeezed my nipple as we fucked. We were breathing much harder now. I moved my hand down so I could feel his cock sliding in and out of my wet cunt. He rubbed my hard clit with his fingers. Soon as I started to moan and quiver under him, he knew that I was close to cumming. It pushed him to the edge too. I reached my hand to his tight balls just as he started cumming inside my pussy. He continued pumping in and out enjoying the union of cunt and cock, with our hot sticky cum added for a new delicious feeling. He cleaned my pussy using his tongue as I suck his cock clean. He kissed me passionately and thanked me for the gift I gave him for his promotion.
