I was married to Merrill and Jackie was married to Alan, and by and large, we were all very happy with our lot. The four of us had arranged a weekend away on the south coast, but at the last minute, Alan was stuck at work later than expected and he asked if Merrill and I could collect Jackie and for Alan to travel down the following day in his own car. This was agreed and Merrill and I picked Jackie up from her house at about six o'clock on a Friday evening. She was carrying a large suitcase, which we threw in the boot of the car. She was wearing a t-shirt and denim shorts. Merrill had prepared some cold food for us all for when we arrived at our resort, and she was balancing plates of clingfilm covered plates, and plastic tubs full of delicious sandwiches on her knees. It was Merrill who suggested that she should travel in the back seat so that she could have space for all the food. And so it was that Jackie sat next to me up front for our journey. We set off southbound for a trip that would probably take the best part of four hours. We stopped for refreshments after covering a hundred miles or so, and both girls took the opportunity of sharing a bottle of wine. We continued our journey and Jackie climbed onto her seat and kneeling, turned around to face Merrill while they were talking. By now the alcohol had taken hold of both girls and they were acting in that slightly drunk way that affects us all from time to time. As we continued on our way, the darkness came down and Merrill, who was sitting directly behind me became more drowsy. We turned a sharp bend causing Jackie to lose her balance. She was still kneeling and facing the wrong way, and instinctively her arm shot out into my lap, and onto my groin area. I had until that moment not realised that my penis had swollen into a semi-erection, and now my embarrassment was complete with Jackie totally aware of my condition. "Oops. sorry, Steve" she said. "I lost my balance" I glanced in the rear view mirror and saw that my wife was leaning back with her eyes closed, and had not noticed what had just happened. "Naughty you" I said, and my hand slid up Jackie's bare leg under her shorts and onto the crotch of her panties. Jackie looked me in the eye and sighed deeply as she parted her legs another six inches. Jackie's crotch was soaked through as I pulled the material to one side to allow myself access to her wet cunt. Jackie was still looking at my wife in the back seat as she reached over to my trousers and released the top button. Her hand travelled down to the zipper and very gently and very quietly pulled it all the way down. I could smell the scent of sex in the car and the danger of my wife waking up and catching us in the act made my cock even harder. Jackie slid her hand into my boxers and grabbed a fistful of

my stiff prick. I slid two fingers into Jackie's wet cunt and her aroma was taking my breath away. I licked my fingers and then offered them to Jackie who greedily slurped them into her mouth. By now Jackie was slowly but firmly wanking me into a frenzy, and I was having trouble controlling the car on the unfamiliar and dark winding roads. I was massaging Jackie's swollen wet clit between my fingers and she was using her free hand to play with her erect nipples which were visible through her t shirt. At last I could take it no longer and said, "Christ, Baby I'm coming" Jackie took a quick look at my wife and then swooped down just as a huge stream of spunk erupted from my cock. She took every last droplet into her mouth and gave an almost silent moan as she too reached the point of no return. My fingers were soaked and a trickle of sperm was visible on Jackie's chin. Jackie removed the sperm with her finger and stuck it into my mouth, which I was more than happy to accept. I held my fingers underneath my nose and inhaled the wonderful sexy scent of Jackie's pussy. Eventually we both settled down and waited for my wife to wake up as we innocently continued our journey
