*Watching schoolgirl neighbour masturbating*

Lucy was seventeen and went to the local high school where they were still strict of the wearing of school uniform. One night she was staying over at my house with my daughter, Angie, who was the same age and went to the same school. During the evening, Angie had a phone call which she went to her room to take, leaving Lucy with me in the lounge, sitting in one of the large arm chairs, and it was then that I noticed she was still wearing her school uniform of grey pleated skirt, white blouse and white knee-hi socks. We talked about things in general then I got around to boy-friends and she admitted she had one who she liked very much. This led me to ask, "Do you have sex with him?" "No," she responded, adding, "But we often masturbate each other." Hoping I wouldn't upset Lucy, I asked excitedly, "How does he masturbate you, Lucy?" "You know," she replied nervously, "He puts his hand up my school skirt and fingers me through my gym knickers." "And what colour are your gym knickers?" I asked then, hoping that maybe she'd be wearing them then." Blushing bright red, Lucy almost whispered, "Navy blue, Mr Collins." "Are you wearing them now?" I continued. It became obvious that Lucy was slowly getting turned on as all she could manage to do was nod. Beside myself with sheer joy, I said softly, "Show me how you masturbate, Lucy, please." Trembling visibly, she sat watching me for a few moments till she reached down and took hold of the bottom of her school skirt, slowly lifting it up till it was right up round her waist, exposing her lovely tight little navy blue cotton schoolgirl knickers, making my prick rise almost immediately. "Jesus, Lucy," I groaned, "You look so sexy like that, with your school skirt up round your waist, showing me your lovely tight little navy blue ribbed cotton schoolgirl knickers and, after you've masturbated yourself for me, I'd love to play with you through them." Opening her eyes wide, Lucy asked, "What about Angie, Mr Collins?" "We could wait till she goes to bed." I suggested. "That would be good," Lucy told me, adding, "I've liked you ever since Angie and I became friends and considering the number of times I've been here, and the number of times I've worn my school uniform, this is the first time you've noticed. There have been times when I've been so excited just being near you, I've gone home with wet knickers and spent many happy hours with my hand inside my knickers, masturbating myself and thinking that it was you doing it to me." "I wish you had found some way to let me know, Lucy, like opening your legs and showing me your knickers but now that the ice has been broken so to speak, things will be good

now." I heard her moan softly as she slowly opened her legs and there was already a dark spot on the crotch of her gym knickers. Watching me intently, she slid her right hand between her legs and started fingering herself through her navy blue knickers, the spot on then getting larger and darker till she suddenly groaned, coming in her school knickers. After that night, Lucy often wore her school uniform and navy blue gym knickers for me and, while she masturbated for me many times, she would not let me tough her in any way.
