It's time to repay my wife's cheating ways

It has been several weeks since I spied Linda and my neighbor Todd in heated sex on my living room floor. Linda knew I was watching all along and to be honest, our sex life hasn't been the same since. The intensity and frequency of the sex has increased ten fold.

Todd and his wife Kim frequently come over to our house to use the pool and spa. They have been over twice since Linda cheated on me with Todd and when I see the two of them together in their bathing suits, my mind wanders to that day and I get horny. Once I had to go inside until my erection subsided.

The day after Linda was with Todd, Linda confessed that SHE seduced HIM. She said it was kind of a competition thing for her. I wasn't sure what she meant and seeing the confusion on my face she asked, "Haven't you seen the way Kim looks at you? She undresses you with her eyes whenever she and Todd come over." I was shocked, and flattered. I said, "I've never noticed that. So what does that have to do with you seducing Todd?" Linda replied, "Don't you see? She wants you and the only way I can allow that is to have her husband first." I was even more shocked! "Are you saying you want me to have an affair with Kim?" I asked. "Not an affair", Linda replied. "Just a one nighter. But there's one stipulation." She looked at me with one brow raised and a devilish grin on her lips. "You have to let me watch." I was bowled over. "How are we gonna do that? What if you're wrong and she doesn't want to sleep with me? What about Todd?" I nervously asked. Linda said, "Calm down, I already have a plan. Todd's going on a fishing trip in a few weeks and that will give us time to grease the skids, so to speak."

Linda's plan was to invite Todd and Kim over as often as we could before Todd left. Then she was going to pull Kim aside and tell her that she had to go out of town for one night to visit her mother the same week Todd was on his fishing trip. Linda was going to ask Kim to "take care of" me while she

was gone. Linda would leave for the night, but rent two motel rooms with an adjoining door. I'd take Kim to dinner and afterward go to the motel. Linda's plan was to not lock the adjoining door and open it a crack to watch us. I told Linda she was crazy, but I'd go along with it. After all, Kim was a knock out and if she truly wanted me, who am I to turn her down?

Kim is 23 with long straight blonde hair that stops just below her shoulders. Her eyes are crystal blue which beautifully contrast her bronze, soft skin. She stands an athletic 5'9" and has a pair of the longest, shapeliest legs I've ever seen. Kim's 135 pound frame perfectly supports her pert, upturned 'B' cupped breasts. Rarely does Kim wear a bra and it's obvious by the way her breasts bounce and jiggle, they are all natural.

Todd had been gone for two days when Linda left for her "trip." I phoned Kim and asked if she was up for dinner, since I don't cook and I was lonesome. Kim said she'd love to have dinner and reminded me that it was her job to "take care" of me while Linda was out of town. I knew Kim would say yes to dinner because Linda had two weeks to plant and cultivate that seed. I showered, shaved and put on my best cologne. I wore a pair of tight, faded blue jeans without any underwear. My package was so pronounced, I looked like a seventies rock star.

When I picked up Kim, she opened the door wearing a yellow pull over top with a plunging neck line showing off her cleavage. She wore no bra, as usual, and her pert nipples were putting on a show. The color contrasted wonderfully with her bronze skin. Kim also wore a thin cotton sun skirt that waved back and forth when she walked. The skirt stopped about three inches above her knee and showed off her firmly toned legs. Next came the feast de triumph! Kim wore a pair of yellow pumps with a three inch heel. This made her 6 feet tall and we were looking eye to eye. For a moment I thought how fucked my life would be if I let my manly urges take over and fuck Kim right there and then leaving Linda in an empty motel room. So I fought the urge...for now.

We went to dinner and I noticed how much Kim was flirting with me. Linda was right. Kim wanted me, and she wanted me bad. We sat next to each other in a horseshoe shaped booth and her hand continually touched my thigh when we talked. She even put her head on my shoulder once when she laughed. She drank two glasses of wine and after the second glass she became very amorous. She started to talk about coming over to my pool and how she admires my toned body. Kim's hand was rubbing my forearm and to be honest, I was enjoying every moment. She said she was thankful to have this evening to share with me and as she said that she leaned over and kissed me on the lips. I didn't expect that, but I liked it. Kim's lips were full and soft and sweet. I kissed her back and we each slipped our tongues into the others mouth for just a passing second.

On the way to the motel, Kim was practically sitting on top of me. She kissed my neck and moved her hand to my crotch and began to rub my dick. I could feel it grow as she moved her hand up and down.

I put my hand on her thigh and felt her soft silky skin. I moved my hand up under her skirt. Kim wasn't wearing underwear and I could feel her soft, hairless pussy. She spread her legs for me and I rubbed her clit in small circles. She gasped and kissed my neck and licked my ear. Kim was ready for some action, and so was I.

We arrived at the motel and leaving Kim in the car, I ran into the office to act as if I was renting the room. Of course, Linda had done that earlier in the day and had already given me the key. Kim and I got to the room and I tried to make as much noise as I could so that Linda knew we were there. I opened the door slowly and immediately looked for the adjoining door. There it was. It looked closed but as I walked closer to it, I could see it was ever so slightly ajar. It had a perfect view of the bed, too. I began to get nervous because I never thought I'd be putting on a show for my wife!

I made sure the lights were on dim. Bright enough for Linda to see us, yet not so bright that we could see Linda. Kim kicked off her shoes and sat on the bed. She held her hand out to me and I took it. She pulled me onto the bed and kissed me passionately. My hands found her firm breasts and I gently rubbed them through the light material of her blouse. It wasn't long before her nipples were hard. I reached under her top and felt her soft yet firm breasts. Her nipples pointed gently upward as I rolled them between my finger tips. Kim layed back onto the bed and pulled her skirt up exposing her soft, hairless pussy. She put her hand on my head and gently directed it to her pussy. I began to lick her sweet tasting bud as I flicked my tongue over her clit. Kim let out a slight moan as her hips began to gently rock. Her pussy was warm and wet and was getting wetter. I massaged her pussy with my hand and inserted a finger, and then two. Kim's hips moved in rhythm and her breathing began to get heavy. She moaned, "Dam, this is what I've been waiting for. I knew your tongue would be magic." Kim's pussy tasted so good and my rock hard dick was still confined in my blue jeans. I stopped eating Kim long enough to remove my jeans. In doing so, I glanced at the adjoining door and noticed it was pushed open more than it was before. I only saw darkness through the slightly open door, but I knew Linda was right there enjoying every moment.

Kim had removed her skirt and top when I removed my pants, so I got totally naked too. I layed next to Kim on the bed and kissed her while I rubbed her pussy. Kim sat up and went right for my cock. She took it into her mouth with skill. She licked the head and then the shaft from tip to base and back to tip. She held it gently as if she was savoring every lick. Then Kim took my cock into her mouth and slid her lips all the way to the base. She began to deep throat me one sweet down stroke of here head after another. I must admit, Kim was giving me the best head I've ever had. I looked toward the adjoining door and I now could partially see Linda in the shadows. She was watching Kim suck my cock and it gave me a thrill that I've never had before.

Knowing Linda was watching, I began to moan and move my hips in unison with Kim's rhythm. I said in a breathy voice, "Oh ya baby. Suck my hard cock. Take all of it and make me cum." Kim took my cock

out of her mouth and said, " I want to taste all of your cum in my mouth." As she said this she was jerking me off. Then she put my cock back in her mouth and continued with the best blow job I'd ever gotten.

I felt my load prepare to shoot and Kim could tell too because she began to move her head faster on my cock. She moved her hand to my cock and was rubbing my cock while sucking on it. My hips began to thrust as I loudly exclaimed, " I'm gonna cum in your mouth Kim. Suck it all." I glanced at the adjoining door and I saw Linda's partially obscured body. I could make out that her hand was near her pussy and it looked as if she was masturbating. Seeing that made me blow my wad into Kim's waiting mouth. I moaned with great pleasure and desire as Kim swallowed every drop. Her tongue and hand masterfully milked me for everything I had.

When Kim was done she straddled my face so that she was looking at my cock. She spread her pussy with her hands and said ."Get me off. I wanna cum in your mouth now." She faced toward me and I willingly began to lick her dripping pussy. Her hips moved back and forth on my face while my tongue licked her clit and slipped into her pussy.

As I licked Kim's pussy, I got hard again and I wanted so much to fuck her tight pussy. The bed was rocking to Kim's hip movements so I didn't feel a third person get on it. I knew Linda was on the bed when I felt her straddle my hard cock and lower her hot wet pussy onto it. I froze for a second because I was waiting for Kim to get pissed off, but I couldn't have been further from the truth. I heard the sound of kissing so I maneuvered Kim's ass and pussy out of my way so I could see she and Linda kissing each other. Linda was riding my cock and Kim was riding my face and I loved every second of it.

It wasn't too long when I heard Kim say to Linda, "I want his cock in my pussy." At that, Linda got off my cock and Kim took her place. I thought Linda would straddle my face, but instead she went to the chair next to a small table in the corner, sat down and watched. Kim's hips moved back and forth as my cock revelled at being inside her tight wet pussy. She moved her hips with so much energy it was as if she hadn't fucked in a long time. She was moaning loudly now as she was ready to cum. I looked at Linda and her legs were spread wide and she was fingering herself, driving three fingers deep into her pussy. She moaning too. Watching Kim ride my cock and Linda finger fucking herself made me blow my wad. I let out a moan while I grabbed Kim's hips and violently moved them back and forth on my cock. This made Kim gasp with pleasure and she began to pinch her nipples saying, " Fuck me hard. Make me cum. MAKE ME CUM!!!!" My cock drove deep into Kim's pussy and she let out a squeal and her pussy juices flowed onto my cock as she came. I looked at Linda and her hand was rapidly moving in and out of her pussy. Her hips rocked back and forth and she too was moaning, "I'm coming. Fuck my husband! Fuck Jim until he cums!" All this was too much for one guy to bear and I blew my load into Kim's pussy.

As the three of us layed in the bed, I asked Linda what made her join us. She said, "I got so horny watching you guys, I couldn't help myself." I then asked Kim why she didn't freak out when she saw Linda. She shrugged her shoulders and said, "I don't know. I guess I was kinda hoping she would be here. Even though she was supposed to be out of town, a part of me hoped that story was bullshit, and it was."

We discussed having a foursome when Todd got back. Kim said she'd bring it up with him when he got back home, but suggested that in the meantime, we shouldn't waste the room. Kim leaned over, kissed Linda on the lips and said, "We still have the rest of tonight. Maybe it can be Jim's turn to watch." At that I got out of bed, sat on the chair and enjoyed the show.
