*The things one can see when in the backyard.*

One evening I was in the backyard tending to my gardening. I stayed outside as long as I could before the darkness made it difficult to see. As I picked up my tools, the light in my daughter's bedroom came on. I looked toward the window and I could clearly see her standing in front of the mirror wearing nothing but a towel and her hair looked towel dried. She obviously just got out of the shower. My daughter, Dawn, stands about 5 feet 6 inches tall, is about 125 pounds, has sandy colored shoulder length hair and wears a 34C bra. (I know this because I see her undies in the laundry basket). She's very tall and developed for her age and because of her height, she plays on her high school junior varsity volleyball team.

As I watched I most certainly thought Dawn would close the curtains, but instead, she removed the towel and stood naked before mirror. She started to look at herself, slowly turning her body so she could see all angles of her soft, firm body. I knew she was in good shape, but her breasts looked so full and firm when compared to her tight, flat tummy. Her legs are well-toned and her ass is firm and round. She looked down at her pussy and I saw that it was totally shaved. The way Dawn was looking at it and rubbing it, I assumed she freshly shaved it in the shower. She put lotion on her hand and started to rub it on the shaved area.

A thought flashed in my mind that what if someone saw me watching? I quickly looked around and realized the sun had totally set and it was very dark. I took the liberty of moving closer to the window, but not too close. I didn't want her to see me. From my closer vantage point, my view was even better. As she rubbed the lotion onto her pussy, I noticed her hips were gently moving to match her hand strokes. This is when I realized a strain in my pants. My dick was as hard as it ever was. I started to rub my dick through my pants.

Dawn stopped rubbing herself and went to the bedroom door and locked it. She walked to her bed

and laid down. She laid atop the covers and her hair spread across the pillow. My little angel looked so tempting. She moved her hand to her pussy and began to rub it. Her legs quickly spread as she moved her hand up and down atop her pussy lips. Her finger tips paused momentarily as she rubbed her clit in small circles, then again she moved her hand up and down atop her pussy. Dawn's eyes were closed and her hips began to move back and forth. Her lips gently parted and I saw that her respirations were increasing. She stopped rubbing her pussy long enough to move her hand to her mouth and stick her middle and ring finger into her mouth. She sucked both fingers and got them moist. She then moved her hand back between her spread legs and put the moistened fingers into her pussy. Dawn threw her head back and while her one hand moved in and out of her pussy, the other hand found her tits and she started to rub and caress them. She licked her fingers and began to pinch and rub her nipples.

At this point my hard cock was out of the confines of my pants and I was jerking myself off as I watched my young daughter through the bedroom window pleasuring herself. Dawn's hips began to move faster and her fingers moved in and out of her pussy with determination. I heard little gasps of pleasure coming from behind the glass and I knew she would soon cum. Suddenly, Dawn took her hand from her breast and reached above her head to grasp the headboard. She hung on tightly as her hand moved faster and faster in and out of her young shaved pussy. Dawn's brow was furrowed and she raised her head to watch her hand. She then raised her hips and let out a sound I'd never heard from her. It was a long and deep, "OOOOOOOOOOOOOOO." That's all it took for me and I blew my load all over the flower bed I was standing next to.

Dawn was spent and she layed in bed, her chest still heaving as she tried to catch her breath. But she did one more thing before she was through. She took the fingers she used to pleasure herself and brought them back to her mouth and sucked on them for several minutes. Her eyes were closed and she seemed to truly enjoy the flavor. When she was done she got up, wrapped the towel around her again and left the bedroom.

I put my dick back into my pants and hurried into the house because I didn't want her to know I was in the backyard. When I got into the house, she was exiting the bathroom and walked toward her bedroom. She looked at me and said, "Hi, daddy." I said hi back and she returned to her room as if nothing had happened.
